## Cross Stitch

# For The Professional Needs

PE-DESIGN NEXT has enhanced productivity features making it ideal for small business use.

Link Function allows you link up-to four compatible embroidery machines and to send data to each machine.

## Link Function

Link

Link

Link

Link

Brother PR1000/PR650 Ver. 2 can use the Link Function and can receive up to 100 data from the computer.

**In addition, two functions below can be used in combination.**

## 200 Built-in Template Designs

200 Built-in Template Designs.

## Name Drop

Great for making uniforms. You can embroider patterns by replacing the name parts. (You can create up to 500 name data.)

|   | 1         |
|---|-----------|
| 1 | ANDREA    |
| 2 | GABRIELLE |
| 3 | BARRY     |
| + |           |

# You will find a whole new world of embroidery!

Free your creativity.

Enjoy creating truly original embroideries quickly and simply.

## ■ PE-DESIGN NEXT's Great Features
