DreamCreator XE VM5100 V-Series Sewing, Quilting and Embroidery Machine

Brother's new exciting and affordable combination machine. Part of the V-Series range, it has been specially made for those who dream of creating sewing, quilting and embroidery with ease.

- 561 stitches including 14 one-step buttonhole styles
- Large workspace – 11 ¼" needle to arm
- 318 built-in embroidery designs, 14 embroidery fonts and 3 Japanese embroidery fonts
- Large embroidery area – 300 x 180mm
- Large 7" LCD touch screen display
- Ultra bright LED lighting
- Up to 1,050 stitches per minute sewing and embroidery speed

DreamCreator XE, a surprisingly affordable dream machine

This versatile combination machine is jam packed with revolutionary features included in the V-Series range; 11 ¼" needle to arm of workspace, ultra bright LED lighting and up to 1,050 stitches per minute. The VM5100 also has many exciting features like 561 sewing stitches, 318 built-in embroidery designs, 14 embroidery fonts, a large embroidery area – 300 x 180mm and fully automatic needle threading. Let your creativity explode with the DreamCreator XE!

561 Sewing Stitches and 318 Built-in Embroidery Designs

A wide range of stitches and embroidery designs to let your creativity run free! 561 stitches including 14 one-step buttonhole styles, 318 built-in embroidery designs, 14 embroidery fonts, 13 bobbin work designs and 3 Japanese embroidery fonts.

Optional Wide Extension Table

Expand the sewing area with this extra-large extension table. Ideal for large quilting and sewing projects.

Large Embroidery Area

Enjoy a large embroidery area – 300 x 180mm – that provides plenty of space for large embroidery designs.

Optional Droplight Embroidery Positioning Marker

The LED droplight shows the needle drop position with pinpoint accuracy – perfect embroidery placement.

Ultra Bright LED Lighting

This ultra bright feature lighting gives a crisp bright natural light, so you can see colours and stitch details, no matter what your lighting conditions are. The lighting brightness is fully adjustable so you can set it at a level to suit you and your environment; 50% brighter than most Brother machines.

INDUSTRY FIRST

INDUSTRY FIRST

Optional Multi-Function Foot Controller

Use this two pedal foot controller to control up to three different sewing functions, all with the press of your foot. Allows a wide variety of functions while holding your project with two hands.

Optional Muvit Digital Dual Feed

This digitally-controlled direct motor-driven accessory foot is designed for difficult projects which require special handling - so you can rest assured that your ability to move it smoothly is just a touch away.

Velocity up to 1,050 SPM

The fastest Brother series ever!

56 Square Inches of Workspace

11 1/4" wide

5" high

Large 7" LCD Touch Screen Display

See up to 260,000 colours with little or no colour shifting. View on-screen tutorials, and control the machine with the large, intuitive on-screen icons.

USB ports

1 host/1 slave. Connect to your computer to import and export designs or perform machine updates. Use the second port to import and export designs from your USB memory stick or Embroidery card reader.

Eleven Inch Chassis

The largest needle to arm distance ever from Brother at 11 1/4". Welcome to the world of quilting and sewing with 56 square inches of workspace - over 10% more than current models.
