

WELCOME TO HEMINGWORTH

Through years of research and development, Hemingworth has developed a world-class range of thread that is not only vibrant and glossy, but strong and colourfast.

Combining old-world craftsmanship with new-age technology, Hemingworth embroidery threads are the perfect choice for those that desire a smooth and flawless experience, whilst also producing superb results.

THE HEMINGWORTH SPOOL AND CAP SYSTEM*

For decades, embroiderers have faced challenges with their embroidery thread, mostly due to the thread spool itself. Relatively unchanged for over a century, the traditional thread spool could not keep up with faster embroidery machines and new thread capabilities.

Recognizing the need for change, the Hemingworth team designed a new thread spool to eliminate these problems and facilitate more efficient embroidery, whilst also providing a high quality, reliable embroidery thread.

- 1 Protective cap preserves thread quality by blocking dust, oil, and other harmful elements.
- 2 Removable stopper traps thread, preventing unravelling and tangling during storage.
- 3 Protective cap delivers thread smoothly off the spool during embroidery - decreasing both snagging and thread breaks.
- 4 Strong, vibrant, colourfast embroidery thread is available in a wide range of colours.
- 5 Spool can be positioned in multiple directions with a smooth feed every time.

*Protective cap only available with 700m and 1000m spools.

COLOUR CHART

HEMINGWORTH POLYSELECT™ COLOUR CHART

 Pure White 001-1001	 Ice Blue 026-1119	 Sky Blue 051-1191	 Wintergreen 076-1175	 Key Lime 101-1092	 Cornsilk Green 126-1098

COLOUR CARD

- [+] Unique, spiral binding allows for easy card flip-through
- [+] Each card includes actual thread samples with colour names and numbers
- [+] Thread samples are aligned right along the edges for convenient colour matching
- [+] Handy index provides all information needed to easily locate thread colour

STORAGE CABINET

- [+] Quality laminated white maple finish
- [+] Easy slide-out drawers with metal runners
- [+] Designed for stacking multiple threads
- [+] Holds 315 Hemingworth 700m & 1000m or similar sized spools (not suitable for 5000m spools)
- [+] Includes Hemingworth drawer labels for easy and fast colour selection

BOBBIN FILL

- [+] Complements Hemingworth embroidery thread
- [+] Professional grade, quality filament 75/2 weight polyester thread
- [+] Available in 1500m black or white
- [+] Features Hemingworth's famous spool and cap system

WATER-SOLUBLE THREAD

- [+] Great alternative to pins, basting and glues
- [+] Ideal for tacking and basting in preparation for free-motion embroidery, appliqué, quilting and patchwork
- [+] Dissolves with water, leaving no residue behind
- [+] Stitches like any regular thread
