V-A1 - RRP \$1299 inc GST

Needle: DBx1/16x231

Industrial high-speed straight stitch sewing machine with thread trimming

- Complete with bench and table
- Powerful direct drive motor
- Fast under-bed thread trimming
- LCD screen with programmable maximum speed control setting
- Selectable needle stop position
- 5mm maximum stitch length
- Automatic oiling system with standard open oil pan.
- Easy threading
- Built-in bobbin winder

V-8000S - RRP \$1799 inc GST

Needle: DBx1/16x231

Industrial electronic high-speed straight stitch sewing machine with thread trimming

- Complete with bench and table
- Powerful direct drive motor
- Fast under-bed thread trimming
- Large LCD screen with multiple advanced programming options
- Selectable needle stop position
- 5mm maximum stitch length
- Automatic oiling system with standard open oil pan.
- Easy threading with advanced thread clamp system
- Built-in bobbin winder

V-A4F-SST - RRP \$2199 inc GST

Needle: DBx1/16x231

Industrial electronic high-speed straight stitch sewing machine with thread trimming

- Complete with bench and table
- Powerful direct drive motor with programmable speed control
- Fast under-bed thread trimming
- Colour LCD touchscreen with multiple advanced programming options
- Selectable needle stop position
- 5mm maximum stitch length
- Automatic oiling system with Closed oil pan.
- Easy threading with advanced thread clamp system
- Built-in bobbin winder

V-6160DSB- RRP \$1699 inc GST

Needle: DPx5/134R

Industrial needle feed straight stitch sewing machine

- Complete with bench and table
- Powerful direct drive motor with programmable speed control
- Big rotary hook system
- Selectable needle stop position
- 8mm maximum stitch length
- Automatic oiling system with open oil pan.
- Easy threading with built-in bobbin winder

V-A7S - RRP \$2699 inc GST

Needle: DBx1/16x231

Industrial electronic high-speed needle feed straight stitch sewing machine with thread trimming

- Complete with bench and table
- Powerful direct drive motor with programmable speed control
- Advanced Needle Feed System
- Fast under-bed thread trimming
- Large LCD touchscreen with multiple advanced programming options
- Selectable and programmable needle stop position
- 5mm maximum stitch length
- Automatic oiling system with sealed oil pan.
- Easy threading with advanced thread clamp system
- Built-in bobbin winder

V-0303ET - RRP \$2199 inc GST

Needle: DBx17/DPx35

Industrial electronic high-speed walking foot straight stitch sewing machine with thread trimming

- Complete with bench and table
- Powerful direct drive motor with programmable speed control
- Walking foot - top/bottom feed
- Fast under-bed thread trimming
- Large LCD touchscreen with advanced programming options
- Selectable needle stop position and programmable stitch sequence options
- 8mm maximum stitch length
- Automatic oiling system with standard open oil pan.
- Easy threading with advanced thread clamp system
- Built-in bobbin winder

V-20U53H - RRP \$2999 inc GST

Needle: DBx1/16x231

Industrial ZIG ZAG Lockstitch with top and bottom feed

- Complete with bench and table
- Powerful direct drive motor with programmable speed control
- Front Loading industrial hook with oversized bobbin
- Walking foot - top/bottom feed
- LCD display
- Selectable needle stop position and programmable
- 5mm maximum stitch length
- 8mm Zig-zag width
- Automatic oiling system with standard open oil pan.
